A. Case No.: PZ-2025-02

Applicant: The City of Raytown

Reason: Requesting the approval of a the Final Draft of the Comprehensive Plan by The Lakota Group, "Raytown on the Rise, 2040."

1. Introduction of Application by Chairman.

Chairman Meyers introduced the application.

2. Explanation of any ex parte' communication from Commission members regarding the application.

No members reported any ex parte' communications regarding this application.

3. Swearing in of all speakers by City Attorney that plan to give testimony during hearing.

No speakers were anticipated to speak on behalf of the application, as discussions took place at the previous meeting.

4. Entering of all relevant exhibits into the public record.

Shana Kelly, Planning & Zoning Coordinator, entered the staff report, Power Point, and supporting documents into the public record.

VOTE: Motion passed 8-1-0.

7. Other Business: Mr. Bruenger thanked City Staff for the work in organizing the Comprehensive Plan. Ms. Emerson inquired about the upcoming Board of Zoning Adjustment Meeting. Mr. Meyers inquired about Vantage Motors and the site located at 10012 and 10016 E. 350 Hwy. Ms. Kelly responded that we are working with their engineering team. Mr. Meyers asked about the status of the demolition of the building. Mr. Sneddon inquired if 10008 E. 350 Hwy was currently occupied. Ms. Kelly stated that she did not know. Mr. Jean-Paul asked if any developments were coming through as a result of the new Future Land Use Map. Ms. Kelly stated that the new Comprehensive Plan supports many changes in the zoning code, but that the zoning code will now need to be updated in order for those changes to occur.

8. Set Future Meeting Date – The next Regular Planning Commission Meeting is scheduled for Thursday, September 4, 2025, at 7:00 PM.

9. Adjourn

The meeting was adjourned at 7:20 PM.

Staff Report

To: City of Raytown, Planning & Zoning Commission

From: Shana Kelly, Planning & Zoning Coordinator

Case #: Rezoning PZ-2025-03

Planning & Zoning Meeting Date:
Nov. 6, 2025

Board of Aldermen Dates: Dec. 2, 2025, and Dec. 18, 2025

Applicant: Brian Critchfield | Better Homes, LLC.

Location: 9808 E. 53rd Street

Ward: 3

Property Owner: Brian Critchfield | Better Homes, LLC.

Project Summary: The applicant is requesting approval of a Rezoning from M, Industrial to R-1, Low-Density Residential to bring the zoning into compliance with the use.

Staff Recommendation: Staff recommends **Approval** of the Rezoning Application.

Background Information: 9808 E. 53rd Street was constructed as a residential structure sometime in or around 1963 and was developed properly according to all building and development requirements at that time. It has continuously been used as a residential property. When the City first established zoning districts in the year 1972, the general area was zoned for industrial uses. Industrial zoning districts do not allow for residential uses, therefore, the property is categorized as a “nonconforming” structure. This means that it is allowed to remain, however, in the event of destruction, either by intentional, unintentional, or natural causes, it must be rebuilt according to the present-day code requirements. It may not be rebuilt as a residential home. The property owner is seeking the approval of a rezoning application from M, Industrial to R-1, Low-Density Residential, to preserve the ability to use the property for residential purposes, and to reconstruct a single-family home in the event of destruction.

In conjunction with this application, two other neighboring properties are also seeking approval of a rezoning application from M, Industrial to R-1, Low-Density Residential for the same reason.

Total Land Area: +/- 0.4 Acre

Public Noticing: *The Daily Record:* A public hearing notice was published in The Daily Record Kansas City, on **October 8, 2025**. A copy of the affidavit of publication is included with the attachments to this report. Letters to Residents and Property Owners were mailed to property owners within 185 feet of the subject property on **October 13, 2025**. A copy of the letter is included with the attachments to this report.

Neighborhood Meeting: The applicant held a neighborhood meeting on **October 21, 2025**. No one attended the meeting, other than the applicant.

Adjacent Properties:

	Zoning:	Current Land Use:
North:	(Kansas City, Missouri)	Residential (backyard of subject property)
South:	M, Industrial	Sheet Metal Works JATC Local 2
East:	M, Industrial	Kempkes Contractors LLC. - Office only. Mandina & Sons Distributing - Vending machine sales/service.
West:	M, Industrial	Residential Single-Family Home

Street Classification: E. 53rd Street is classified as a Collector Street.

Rezoning Application Factors To Be Considered:

1. The Character of the Neighborhood:

The neighborhood is a mix of both residential and light industrial uses.

2. Zoning and current uses of nearby properties:

The area is predominately zoned M, Industrial. The city of Kansas City, Missouri is adjacent to the north. To the west are single-family homes, as well as the Rock Island Trail. To the east, there are a few commercial businesses, mainly used for office space, and additional single-family homes.

3. Suitability of Zoning for current use:

The current zoning, M, Industrial, is not suitable for its current residential use. The home was constructed prior to the use of a zoning ordinance in the City. At that time, it was expected that the area would eventually be entirely used for industrial purposes. Now, approximately 60 years later, the property owners are requesting to bring the zoning

designation into compliance with the previously constructed homes and the residential use of the properties.

4. Detrimental effects to nearby properties if Rezoning is approved:

No physical changes are being proposed, therefore, there will be no detrimental effects if the rezoning application is approved.

5. The length of time the property has been vacant:

The property is not vacant.

6. Consideration of public interest:

a. Public Health:

There are no physical changes being proposed to the property. This application will not affect public health.

b. Public Safety:

There are no physical changes being proposed to the property. This application will not affect public safety.

c. Public Welfare:

There are no physical changes being proposed to the property. This application will not affect the public welfare.

7. Impacts on public services and utilities:

There are no physical changes being proposed to the property. This application will not affect the public services and utilities differently than what is currently being done today.

8. Conformance with the Comprehensive Plan:

The Comprehensive Plan Future Land Use Map designates this area as "*Industrial and Employment*." The proposed rezoning to residential does not comply with the Future Land Use Map.

PZ-2025-05

Dear Property Owner/Tenant:

Notice of Neighborhood Meeting and Public Hearings in Your Area

The Raytown Community Development Department is processing three (3) separate rezoning applications from M, Industrial to R-1, Low-Density Residential, for properties on E. 53rd Street in the City of Raytown, addressed as:

- 9808 E. 53rd Street
- 9800 E. 53rd Street, and
- 9704 E. 53rd Street

All three (3) properties were constructed as residential structures prior to the establishment of the Zoning Ordinance within the city and have been continuously used as such. All were developed properly according to all building and development requirements at that time. When the City first established zoning districts in the year 1972, the general area was zoned for industrial uses. Industrial zoning districts do not allow for residential uses, therefore, these three properties are categorized as “legal nonconforming” structures. This means that they are allowed to remain, however, in the event of destruction, either by intentional or natural causes, they must be rebuilt according to the present-day code requirements. They may not be rebuilt as residential homes.

For this reason, these three property owners are seeking the approval of a rezoning application from M, Industrial to R-1, Low-Density Residential, in order to preserve the ability to use the properties for residential purposes, and to reconstruct single-family homes in the event of destruction.

As a nearby owner or tenant, you are entitled to appear and provide comments at any of the public hearings on this matter or to provide written comments.

The applicants will be holding a neighborhood information meeting at Raytown City Hall at **1:00pm on Tuesday, October 21, 2025**, to which you are invited to discuss the application directly with them. City Staff will not be present at this time. If you have any concerns or need more information about the application, we highly recommend that you attend this meeting.

A public hearing to consider this application will be held by the Raytown Planning & Zoning Commission at 7:00 PM on **Thursday November 6, 2025**. The full packet and agenda will be available for view on the City of Raytown website on **Friday, October 31, 2025**.

The Raytown Board of Aldermen will also hold a public hearing regarding the above-described application, tentatively scheduled for 7:00 PM on **Tuesday, December 2, 2025**.

All public hearings will take place in the Council Chambers at Raytown City Hall located at 10000 E 59th Street, Raytown, MO 64133.

The public is invited to attend the neighborhood meeting and the public hearings to ask questions and provide comments regarding this application. Additional information regarding this application can be obtained from the Department of Community Development located in Raytown City Hall at 10000 East 59th Street, by phone at (816)737-6059 or by email at shanak@raytown.mo.us.

If you will require any special accommodations (i.e., qualified interpreter, large print reader, hearing assistance) to attend either of these public hearings, please notify the Department of Community Development at Raytown City Hall at (816)737-6014 no later than 48 hours prior to the applicable public hearing date.

- The proposed action will be in keeping with the character of the neighborhood because:
These properties have historically been used as residential are currently
being used as residential.

- The proposed use will be consistent with the uses and zoning on nearby parcels because:
These properties have historically been used as residential are currently
being
used as residential

- Prior to submitting this application, the property has been vacant for:
5 months (Under rehab)

4. This property is more suited for the proposed use than its current use(s) because:

There are multiple houses on this block that are all residential, but zoned industrial.

5. The proposed use could have the following detrimental effects on nearby parcels:

6. If the application is denied, the property owner(s) will face the following hardships:

Can not get traditional lending or insurance, and can not sell to a traditional buyer

7. Public facilities and utilities are adequate to serve the proposed use as follows:

Currently set up for residential

8. The proposed development implements the Comprehensive Plan in the following ways:

9. Additional comments:

We are a small family business, and this zoning issue has caused substantial hardship, due to the unmarketability and uninsurability. Thank you for your consideration.

Staff Report

To: City of Raytown, Planning & Zoning Commission

From: Shana Kelly, Planning & Zoning Coordinator

Case #: Rezoning PZ-2025-04

Planning & Zoning Meeting Date:
Nov. 6, 2025

Board of Aldermen Date: Dec. 2, 2025, and Dec. 18, 2025

Applicant: Danae Meurer

Location: 9800 E. 53rd Street

Ward: 3

Property Owner: Danae Meurer

Project Summary: The applicant is requesting a Rezoning from M, Industrial to R-1, Low-Density Residential to bring the zoning into compliance with the use.

Staff Recommendation: Staff recommends **Approval** of the Rezoning Application.

Background Information: 9800 E. 53rd Street was constructed as a residential structure sometime in or around 1963 and was developed properly according to all building and development requirements at that time. It has continuously been used as a residential property. When the City first established zoning districts in the year 1972, the general area was zoned for industrial uses. Industrial zoning districts do not allow for residential uses, therefore, the property is categorized as a “nonconforming” structure. This means that it is allowed to remain, however, in the event of destruction, either by intentional, unintentional, or natural causes, it must be rebuilt according to the present-day code requirements. It may not be rebuilt as a residential home. The property owner is seeking the approval of a rezoning application from M, Industrial to R-1, Low-Density Residential, to preserve the ability to use the property for residential purposes, and to reconstruct a single-family home in the event of destruction.

In conjunction with this application, two other neighboring properties are also seeking approval of a rezoning application from M, Industrial to R-1, Low-Density Residential for the same reason.

Total Land Area: +/- 0.38 Acre

Public Noticing: *The Daily Record:* A public hearing notice was published in The Daily Record Kansas City, on **October 8, 2025**. A copy of the affidavit of publication is included with the attachments to this report. Letters to Residents and Property Owners were mailed to property owners within 185 feet of the subject property on **October 13, 2025**. A copy of the letter is included with the attachments to this report.

Neighborhood Meeting: The applicant held a neighborhood meeting on **October 21, 2025**. No one attended the meeting, other than the applicant.

Adjacent Properties:

	Zoning:	Current Land Use:
North:	(Kansas City, Missouri)	Residential (backyard of subject property)
South:	M, Industrial	Sheet Metal Works JATC Local 2
East:	M, Industrial	Residential Single-Family Home
West:	M, Industrial	Residential Single-Family Home

Street Classification: E. 53rd Street is classified as a Collector Street.

Rezoning Application Factors To Be Considered:

1. The Character of the Neighborhood:

The neighborhood is a mix of both residential and light industrial uses.

2. Zoning and current uses of nearby properties:

The area is predominately zoned M, Industrial. The city of Kansas City, Missouri is adjacent to the north. To the west are single-family homes, as well as the Rock Island Trail. Adjacent to the east is a single-family homes.

3. Suitability of Zoning for current use:

The current zoning, M, Industrial, is not suitable for its current residential use. The home was constructed prior to the use of a zoning ordinance in the City. At that time, it was expected that the area would eventually be entirely used for industrial purposes. Now, approximately 60 years later, the property owners are requesting to bring the zoning designation into compliance with the previously constructed homes and the residential use of the properties.

4. Detrimental effects to nearby properties if Rezoning is approved:

No physical changes are being proposed, therefore, there will be no detrimental effects if the rezoning application is approved.

5. The length of time the property has been vacant:

The property is not vacant.

6. Consideration of public interest:

a. Public Health:

There are no physical changes being proposed to the property. This application will not affect public health.

b. Public Safety:

There are no physical changes being proposed to the property. This application will not affect public safety.

c. Public Welfare:

There are no physical changes being proposed to the property. This application will not affect the public welfare.

7. Impacts on public services and utilities:

There are no physical changes being proposed to the property. This application will not effect the public services and utilities differently than what is currently being done today.

8. Conformance with the Comprehensive Plan:

The Comprehensive Plan Future Land Use Map designates this area as "*Industrial and Employment.*" The proposed rezoning to residential does not comply with the Future Land Use Map.

PZ-2025-05

Dear Property Owner/Tenant:

Notice of Neighborhood Meeting and Public Hearings in Your Area

The Raytown Community Development Department is processing three (3) separate rezoning applications from M, Industrial to R-1, Low-Density Residential, for properties on E. 53rd Street in the City of Raytown, addressed as:

- 9808 E. 53rd Street
- 9800 E. 53rd Street, and
- 9704 E. 53rd Street

All three (3) properties were constructed as residential structures prior to the establishment of the Zoning Ordinance within the city and have been continuously used as such. All were developed properly according to all building and development requirements at that time. When the City first established zoning districts in the year 1972, the general area was zoned for industrial uses. Industrial zoning districts do not allow for residential uses, therefore, these three properties are categorized as “legal nonconforming” structures. This means that they are allowed to remain, however, in the event of destruction, either by intentional or natural causes, they must be rebuilt according to the present-day code requirements. They may not be rebuilt as residential homes.

For this reason, these three property owners are seeking the approval of a rezoning application from M, Industrial to R-1, Low-Density Residential, in order to preserve the ability to use the properties for residential purposes, and to reconstruct single-family homes in the event of destruction.

As a nearby owner or tenant, you are entitled to appear and provide comments at any of the public hearings on this matter or to provide written comments.

The applicants will be holding a neighborhood information meeting at Raytown City Hall at **1:00pm on Tuesday, October 21, 2025**, to which you are invited to discuss the application directly with them. City Staff will not be present at this time. If you have any concerns or need more information about the application, we highly recommend that you attend this meeting.

A public hearing to consider this application will be held by the Raytown Planning & Zoning Commission at 7:00 PM on **Thursday November 6, 2025**. The full packet and agenda will be available for view on the City of Raytown website on **Friday, October 31, 2025**.

The Raytown Board of Aldermen will also hold a public hearing regarding the above-described application, tentatively scheduled for 7:00 PM on **Tuesday, December 2, 2025**.

All public hearings will take place in the Council Chambers at Raytown City Hall located at 10000 E 59th Street, Raytown, MO 64133.

The public is invited to attend the neighborhood meeting and the public hearings to ask questions and provide comments regarding this application. Additional information regarding this application can be obtained from the Department of Community Development located in Raytown City Hall at 10000 East 59th Street, by phone at (816)737-6059 or by email at shanak@raytown.mo.us.

If you will require any special accommodations (i.e., qualified interpreter, large print reader, hearing assistance) to attend either of these public hearings, please notify the Department of Community Development at Raytown City Hall at (816)737-6014 no later than 48 hours prior to the applicable public hearing date.

Staff Report

To: City of Raytown, Planning & Zoning Commission

From: Shana Kelly, Planning & Zoning Coordinator

Case #: Rezoning PZ-2025-05

Planning & Zoning Meeting Date:
Nov. 6, 2025

Board of Aldermen Date: Dec. 2, 2025, and Dec. 18, 2025

Applicant: Tom Ballieu II

Location: 9704 E. 53rd Street

Ward: 3

Property Owner: Tom Ballieu

Project Summary: The applicant is requesting the approval of a Rezoning from M, Industrial to R-1, Low-Density Residential to bring the zoning into compliance with the use.

Staff Recommendation: Staff recommends **Approval** of the Rezoning Application.

Background Information: 9808 E. 53rd Street was constructed as a residential structure sometime in or around 1964 and was developed properly according to all building and development requirements at that time. It has continuously been used as a residential property. When the City first established zoning districts in the year 1972, the general area was zoned for industrial uses. Industrial zoning districts do not allow for residential uses, therefore, the property is categorized as a “nonconforming” structure. This means that it is allowed to remain, however, in the event of destruction, either by intentional, unintentional, or natural causes, it must be rebuilt according to the present-day code requirements. It may not be rebuilt as a residential home. The property owner is seeking the approval of a rezoning application from M, Industrial to R-1, Low-Density Residential, to preserve the ability to use the property for residential purposes, and to reconstruct a single-family home in the event of destruction.

In conjunction with this application, two other neighboring properties are also seeking approval of a rezoning application from M, Industrial to R-1, Low-Density Residential for the same reason.

Total Land Area: +/- 0.38 Acre

Public Noticing: *The Daily Record:* A public hearing notice was published in The Daily Record Kansas City, on **October 8, 2025**. A copy of the affidavit of publication is included with the attachments to this report. Letters to Residents and Property Owners were mailed to property owners within 185 feet of the subject property on **October 13, 2025**. A copy of the letter is included with the attachments to this report.

Neighborhood Meeting: The applicant held a neighborhood meeting on **October 21, 2025**. No one attended the meeting, other than the applicant.

Adjacent Properties:

	Zoning:	Current Land Use:
North:	(Kansas City, Missouri)	Residential (backyard of subject property)
South:	M, Industrial	Sheet Metal Works JATC Local 2
East:	M, Industrial	Residential Single-Family Home
West:	N, Conservation	The Rock Island Trail

Street Classification: E. 53rd Street is classified as a Collector Street.

Rezoning Application Factors To Be Considered:

1. The Character of the Neighborhood:

The neighborhood is a mix of both residential and light industrial uses.

2. Zoning and current uses of nearby properties:

The area is predominately zoned M, Industrial. The city of Kansas City, Missouri is adjacent to the north. To the west is the Rock Island Trail. Adjacent to the east is a single-family home.

3. Suitability of Zoning for current use:

The current zoning, M, Industrial, is not suitable for its current residential use. The home was constructed prior to the use of a zoning ordinance in the City. At that time, it was expected that the area would eventually be entirely used for industrial purposes. Now, approximately 60 years later, the property owners are requesting to bring the zoning designation into compliance with the previously constructed homes and the residential use of the properties.

4. Detrimental effects to nearby properties if Rezoning is approved:

No physical changes are being proposed, therefore, there will be no detrimental effects if the rezoning application is approved.

5. The length of time the property has been vacant:

The property is not vacant.

6. Consideration of public interest:

a. Public Health:

There are no physical changes being proposed to the property. This application will not affect public health.

b. Public Safety:

There are no physical changes being proposed to the property. This application will not affect public safety.

c. Public Welfare:

There are no physical changes being proposed to the property. This application will not affect the public welfare.

7. Impacts on public services and utilities:

There are no physical changes being proposed to the property. This application will not effect the public services and utilities differently than what is currently being done today.

8. Conformance with the Comprehensive Plan:

The Comprehensive Plan Future Land Use Map designates this area as "*Industrial and Employment.*" The proposed rezoning to residential does not comply with the Future Land Use Map.

PZ-2025-05

Dear Property Owner/Tenant:

Notice of Neighborhood Meeting and Public Hearings in Your Area

The Raytown Community Development Department is processing three (3) separate rezoning applications from M, Industrial to R-1, Low-Density Residential, for properties on E. 53rd Street in the City of Raytown, addressed as:

- 9808 E. 53rd Street
- 9800 E. 53rd Street, and
- 9704 E. 53rd Street

All three (3) properties were constructed as residential structures prior to the establishment of the Zoning Ordinance within the city and have been continuously used as such. All were developed properly according to all building and development requirements at that time. When the City first established zoning districts in the year 1972, the general area was zoned for industrial uses. Industrial zoning districts do not allow for residential uses, therefore, these three properties are categorized as “legal nonconforming” structures. This means that they are allowed to remain, however, in the event of destruction, either by intentional or natural causes, they must be rebuilt according to the present-day code requirements. They may not be rebuilt as residential homes.

For this reason, these three property owners are seeking the approval of a rezoning application from M, Industrial to R-1, Low-Density Residential, in order to preserve the ability to use the properties for residential purposes, and to reconstruct single-family homes in the event of destruction.

As a nearby owner or tenant, you are entitled to appear and provide comments at any of the public hearings on this matter or to provide written comments.

The applicants will be holding a neighborhood information meeting at Raytown City Hall at **1:00pm on Tuesday, October 21, 2025**, to which you are invited to discuss the application directly with them. City Staff will not be present at this time. If you have any concerns or need more information about the application, we highly recommend that you attend this meeting.

A public hearing to consider this application will be held by the Raytown Planning & Zoning Commission at 7:00 PM on **Thursday November 6, 2025**. The full packet and agenda will be available for view on the City of Raytown website on **Friday, October 31, 2025**.

The Raytown Board of Aldermen will also hold a public hearing regarding the above-described application, tentatively scheduled for 7:00 PM on **Tuesday, December 2, 2025**.

All public hearings will take place in the Council Chambers at Raytown City Hall located at 10000 E 59th Street, Raytown, MO 64133.

The public is invited to attend the neighborhood meeting and the public hearings to ask questions and provide comments regarding this application. Additional information regarding this application can be obtained from the Department of Community Development located in Raytown City Hall at 10000 East 59th Street, by phone at (816)737-6059 or by email at shanak@raytown.mo.us.

If you will require any special accommodations (i.e., qualified interpreter, large print reader, hearing assistance) to attend either of these public hearings, please notify the Department of Community Development at Raytown City Hall at (816)737-6014 no later than 48 hours prior to the applicable public hearing date.
