MoDOT Requests Your Help

KEEP Unauthorized Signs OFF Roadsides

The Missouri Department of Transportation strives to provide quality and safe traveling conditions for the public and safe working conditions for its employees. To help make those conditions a reality, there are restrictions in place regarding unauthorized roadside signs.

- Missouri State Statute 227.220 and Missouri Department of Transportation policy prohibit installation or maintenance of non-approved items on state right of way.
  - Non-approved advertising signs or display materials include streamers, garage-sale signs, political signs, banners and balloons.
  - Installation and maintenance of these items is not reasonably safe for the people doing so. They can also pose distractions to motorists and obstacles to department roadside operations.
- Because safety is MoDOT's top priority, the department prohibits installation or maintenance of any non-approved items on state right of way.
- MoDOT staff may remove these items wherever they are found.
  - Removed signs will be temporarily stored by the entrance of the nearest MoDOT maintenance facility for self-service pick-up.

Thank you for your cooperation.
