From: Ray Haydaripoor, Planning & Zoning Coordinator

Bill No.: 6478-18
Section No.: XIII

Department Head Approval: _____

Finance Director Approval: _____ (only if funding is requested)

City Administrator Approval: _____

Action Requested: Consideration of an amended final plat for Tidal Wave Auto Spa.

Recommendation: Approve the amended and corrected final plat for Tidal Wave Auto Spa.

Analysis: On April 17, 2018, the Board of Aldermen approved Ordinance No. 5569-18, the Final Plat of Tidal Wave Auto Space.

On September 4, 2018, the property owner's legal counsel and representative contacted City staff to advise them the final plat submitted for approval on April 17, 2018 contained an error. The property owner's representatives have submitted an amended and corrected final plat for consideration of approval.

The newly submitted final plat correctly reflects the twenty-five-foot (25 ft.) building setback along Raytown Rd instead of Missouri 350 Highway.

Alternatives: Alternative to approving the amended and corrected final plat would be to deny the request submitted by TW Macon.

Budgetary Impact: This application does not require the city to provide any funding.

Re: Discussion Item – Raytown Municipal Code Update – Chapter 2-Administration

From time to time, when going through the Code, items that are outdated, incomplete or no longer applicable to our current operation are identified.

Currently, there is not a provision in Chapter 2 for the Assistant City Administrator position, which was approved by the Board in May of this year. I will be bringing forward a draft ordinance for your consideration in order to add the additional section to the Code.

Additionally, there are items in Chapter 2 which apply to the City Clerk's office that need to be updated, with special attention to agenda publication and meeting notification.

As the Chapter is reviewed further, there may be other suggested changes that may be brought forward for your review and consideration.

Sec. 2-532. - Exempt and nonexempt material in single record.

- (a) If a public record contains material which is not exempt from disclosure as well as material which is exempt from disclosure, the public governmental body shall separate the exempt and nonexempt material and make the nonexempt material available for examination and copying.
- (b) When designing a public record, a public governmental body shall, to the extent practicable, facilitate a separation of exempt from nonexempt information. If the separation is readily apparent to a person requesting to inspect or receive copies of the form, the public governmental body shall generally describe the material exempted unless that description would reveal the contents of the exempt information and thus defeat the purpose of the exemption.

(Ord. No. 5404-11, § 1(2-16.1.8), 6-7-2011)

Sec. 2-533. - Electronic transmissions.

Any member of a public governmental body who transmits any message relating to public business by electronic means shall also concurrently transmit that message to either the member's public office computer or the custodian of records in the same format. The provisions of this section shall only apply to messages sent to two or more members of that body so that, when counting the sender, a majority of the body's members are copied. Any such message received by the custodian or at the member's office computer shall be a public record subject to the exceptions of section 2-460.

(Ord. No. 5404-11, § 1(2-16.1.9), 6-7-2011)

Sec. 2-534. - Fees.

- (a) Except as otherwise provided by law, each public governmental body shall provide access to and, upon request, furnish copies of public records subject to the following:
 - (1) Fees for copying public records, except those records restricted under RSMo 32.091 shall not exceed \$0.10 per page for a paper copy not larger than nine by 14 inches, with the hourly fee for duplicating time not to exceed the average hourly rate of pay for clerical staff of the public governmental body. Research time required for fulfilling records requests may be charged at the actual cost of research time. Based on the scope of the request, the public governmental body shall produce the copies using employees of the body that result in the lowest amount of charges for search, research, and duplication time. Prior to producing copies of the requested records, the person requesting the records may request the public governmental body to provide an estimate of the cost to the person requesting the records. Documents may be furnished without charge or at a reduced charge when the public governmental body determines that waiver or reduction of the fee is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the public governmental body and is not primarily in the commercial interest of the requester;
 - (2) Fees for providing access to public records maintained on computer facilities, recording tapes or disks, videotapes or films, pictures, maps, slides, graphics, illustrations or similar audio or visual items or devices, and for paper copies larger than nine by 14 inches shall include only the cost of copies, staff time, which shall not exceed the average hourly rate of pay for staff of the public governmental body required for making copies and programming, if necessary, and the cost of the disk, tape, or other medium used for the duplication. Fees for maps, blueprints, or plats that require special expertise to duplicate may include the actual rate of compensation for the trained personnel required to duplicate

such maps, blueprints, or plats. If programming is required beyond the customary and usual level to comply with a request for records or information, the fees for compliance may include the actual costs of such programming.

- (b) Payment of such copying fees may be requested prior to the making of copies.
- (c) Except as otherwise provided by law, each public governmental body of the state shall remit all moneys received by or for it from fees charged pursuant to this section to the director of revenue for deposit to the general revenue fund of the state.
- (d) Except as otherwise provided by law, each public governmental body of a political subdivision of the state shall remit all moneys received by it or for it from fees charged pursuant to article VI to the appropriate fiscal officer of such political subdivision for deposit to the governmental body's accounts.
- (e) The term "tax, license or fees" as used in section 22 of article X of the Constitution of the State of Missouri does not include copying charges and related fees that do not exceed the level necessary to pay or to continue to pay the costs for providing a service, program, or activity which was in existence on November 4, 1980, or which was approved by a vote of the people subsequent to November 4, 1980.

(Ord. No. 5404-11, § 1(2-16.2), 6-7-2011)

Sec. 2-535. - Violations and penalties.

- (a) The remedies provided by this section against public governmental bodies shall be in addition to those provided by any other provision of law. Any aggrieved person, taxpayer to, or citizen of, this state, or the attorney general or prosecuting attorney, may seek judicial enforcement of the requirements of this article. Suits to enforce this article shall be brought in the circuit court for the county in which the public governmental body has its principal place of business. Upon service of a summons, petition, complaint, counterclaim, or cross-claim in a civil action brought to enforce the provisions of RSMo 610.010 to 610.026, the custodian of the public record that is the subject matter of such civil action shall not transfer custody, alter, destroy, or otherwise dispose of the public record sought to be inspected and examined, notwithstanding the applicability of an exemption pursuant to section 2-460 or the assertion that the requested record is not a public record until the court directs otherwise.
- (b) Once a party seeking judicial enforcement of article VI demonstrates to the court that the body in question is subject to the requirements of this chapter and has held a closed meeting, record or vote, the burden of persuasion shall be on the body and its members to demonstrate compliance with the requirements of this chapter.
- (c) Upon a finding by a preponderance of the evidence that a public governmental body or a member of a public governmental body has knowingly violated this article, the public governmental body or the member shall be subject to a civil penalty in an amount up to \$1,000.00. If the court finds that there is a knowing violation of this article, the court may order the payment by such body or member of all costs and reasonable attorney fees to any party successfully establishing a violation. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the public governmental body or member of a public governmental body has violated this article previously.
- (d) Upon a finding by a preponderance of the evidence that a public governmental body or a member of a public governmental body has purposely violated this article, the public governmental body or the member shall be subject to a civil penalty in an amount up to \$5,000.00. If the court finds that there was a purposeful violation of this article, then the court shall order the payment by such body or member of all costs and reasonable

attorney fees to any party successfully establishing such a violation. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the public governmental body or member of a public governmental body has violated this article previously.

- (e) Upon a finding by a preponderance of the evidence that a public governmental body has violated any provision of this article, a court shall void any action taken in violation of this article, if the court finds under the facts of the particular case that the public interest in the enforcement of the policy of this article outweighs the public interest in sustaining the validity of the action taken in the closed meeting, record or vote. Suit for enforcement shall be brought within one year from which the violation is ascertainable and in no event shall it be brought later than two years after the violation. This subsection shall not apply to an action taken regarding the issuance of bonds or other evidence of indebtedness of a public governmental body if a public hearing, election or public sale has been held regarding the bonds or evidence of indebtedness.
- (f) A public governmental body which is in doubt about the legality of closing a particular meeting, record or vote may bring suit at the expense of that public governmental body in the circuit court of the county of the public governmental body's principal place of business to ascertain the propriety of any such action, or seek a formal opinion of the attorney general or an attorney for the governmental body.

(Ord. No. 5404-11, § 1(2-16.2.1), 6-7-2011)

Sec. 2-536. - Legal defense of officials.

- (a) Any public governmental body may provide for the legal defense of any member charged with a violation of this article.
- (b) Each public governmental body shall provide a reasonable written policy in compliance with this article, open to public inspection, regarding the release of information on any meeting, record or vote and any member or employee of the public governmental body who complies with the written policy is not guilty of a violation of the provisions of this article or subject to civil liability for any act arising out of his adherence to the written policy of the agency.
- (c) No person who in good faith reports a violation of the provisions of this article is civilly liable for making such report, nor, if such person is an officer or employee of a public governmental body, may such person be demoted, fired, suspended, or otherwise disciplined for making such report.

(Ord. No. 5404-11, § 1(2-16.2.2), 6-7-2011)

Sec. 2-537. - Access to electronic records.

- (a) A public governmental body keeping its records in an electronic format is strongly encouraged to provide access to its public records to members of the public in an electronic format. A public governmental body is strongly encouraged to make information available in usable electronic formats to the greatest extent feasible. A public governmental body may not enter into a contract for the creation or maintenance of a public records database if that contract impairs the ability of the public to inspect or copy the public records of that agency, including public records that are on-line or stored in an electronic recordkeeping system used by the agency. Such contract may not allow any impediment that as a practical matter makes it more difficult for the public to inspect or copy the records than to inspect or copy the public governmental body's records. For purposes of this section, a usable electronic format shall allow, at a minimum, viewing and printing of records. However, if the public governmental body keeps a record on a system capable of allowing the copying of electronic documents into other electronic documents, the public governmental body shall provide data to the public in such electronic format, if requested. The activities authorized pursuant to this section may not take priority

over the primary responsibilities of a public governmental body. For purposes of this section the term "electronic services" means on-line access or access via other electronic means to an electronic file or database. This subsection shall not apply to contracts initially entered into before August 28, 2004.

- (b) Public governmental bodies shall include in a contract for electronic services provisions that:
 - (1) Protect the security and integrity of the information system of the public governmental body and of information systems that are shared by public governmental bodies; and
 - (2) Limit the liability of the public governmental body providing the services.
- (c) Each public governmental body may consult with the division of data processing and telecommunications of the office of administration to develop the electronic services offered by the public governmental body to the public pursuant to this section.

(Ord. No. 5404-11, § 1(2-16.2.3), 6-7-2011)

Sec. 2-538. - Injunctive relief.

The circuit courts of this state shall have the jurisdiction to issue injunctions to enforce the provisions of this article.

(Ord. No. 5404-11, § 1(2-16.2.4), 6-7-2011)

Sec. 2-539. - Executive agency disclosure.

- (a) If an executive agency's records are closed by law, it may not disclose any information contained in such closed records in any form that would allow identification of individual persons or entities unless:
 - (1) Disclosure of such information is made to a person in that person's official capacity representing an executive agency and the disclosure is necessary for the requesting executive agency to perform its constitutional or statutory duties; or
 - (2) Disclosure is otherwise required by law.
- (b) Notwithstanding any other provision of law to the contrary, including, but not limited to, RSMo 32.057, such closed information may be disclosed pursuant to this section; however, the providing executive agency may request, as a condition of disclosing such information, that the requesting executive agency submit:
 - (1) The constitutional or statutory duties necessitating the disclosure of such information;
 - (2) The name and official capacity of the person or persons to whom such information will be disclosed;
 - (3) An affirmation that such information will be used only in furtherance of such constitutional or statutory duties; and
 - (4) The date upon which the access is requested to begin, when the request is for continuous access.
- (c) Any executive agency receiving such a request for closed information shall keep the request on file and shall only release such information to the person or persons listed on such request. If the request is for continuous access to such information, the executive agency shall honor the request for a period of one year from the beginning date indicated on such request. If the requesting executive agency requests such information for more than one year, the agency shall provide an updated request for closed information to the providing executive agency upon expiration of the initial request.
- (d) Any person receiving or releasing closed information pursuant to this section shall be subject to any laws, regulations or standards of the providing executive agency regarding the confidentiality or misuse of such information and shall be subject to any penalties provided by such laws, regulations or standards for the violation of the confidentiality or misuse of such information.

- (e) For the purposes of this section, the term "executive agency" means any administrative governmental entity created by the constitution or statutes of this state under the executive branch, including any department, agency, board, bureau, commission, committee, board of regents or board of curators of any institution of higher learning supported in part by state funds, any subdivision of an executive agency, and any legally designated agent of such entity.

(Ord. No. 5404-11, § 1(2-16.2.5), 6-7-2011)

Sec. 2-540. - State entity not to disclose social security number, exceptions.

No state entity shall publicly disclose any social security number of a living person unless such disclosure is permitted by federal law, federal regulation or state law or unless such disclosure is authorized by the holder of that social security number or unless such disclosure is for use in connection with any civil, criminal, administrative or arbitral proceeding in any federal, state or local court or agency or before any self-regulatory body, including the service of process, investigation in anticipation of litigation and the execution or enforcement of judgments and orders, or pursuant to an order of a federal, state or local court. Notwithstanding any other provision of law to the contrary, the disclosure of social security numbers of deceased persons shall be lawful, provided that the state agency disclosing the information knows of no reason why such disclosure would prove detrimental to the deceased individual's estate or harmful to the deceased individual's living relatives. For the purposes of this section, the term "publicly disclose" shall not include the use of any social security number by any state entity in the performance of any statutory or constitutional duty or power or the disclosure of any social security number to another state entity, political subdivision, agency of the federal government, agency of another state or any private person or entity acting on behalf of, or in cooperation with, a state entity. Any person or entity receiving a social security number from any entity shall be subject to the same confidentiality provisions as the disclosing entity. For purposes of this section, the term "state entity" means any state department, division, agency, bureau, board, commission, employee or any agent thereof. When responding to any requests for public information pursuant to this chapter, any costs incurred by any state entity complying with the provisions of this section may be charged to the requester of such information.

(Ord. No. 5404-11, § 1(2-16.2.6), 6-7-2011)

Sec. 2-541. - Arrest reports, incident reports and related documents.

- (a) The following words, terms and phrases, when used in this section and section 2-542 and 2-553, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Arrest means an actual restraint of the person of the defendant, or by his submission to the custody of the officer, under authority of a warrant or otherwise for a criminal violation which results in the issuance of a summons or the person being booked.

Arrest report means a record of a law enforcement agency of an arrest and of any detention or confinement incident thereto together with the charge therefor.

Inactive means an investigation in which no further action will be taken by a law enforcement agency or officer for any of the following reasons:

- (1) A decision by the law enforcement agency not to pursue the case;
- (2) Expiration of the time to file criminal charges pursuant to the applicable statute of limitations, or ten years after the commission of the offense; whichever date earliest occurs;
- (3) Finality of the convictions of all persons convicted on the basis of the information contained in the investigative report, by exhaustion of or expiration of all rights of appeal of such persons.

Incident report means a record of a law enforcement agency consisting of the date, time, specific location, name of the victim and immediate facts and circumstances surrounding the initial report of a crime or incident, including any logs of reported crimes, accidents and complaints maintained by that agency;

Investigative report means a record, other than an arrest or incident report, prepared by personnel of a law enforcement agency, inquiring into a crime or suspected crime, either in response to an incident report or in response to evidence developed by law enforcement officers in the course of their duties.

- (b) Each law enforcement agency of this state, of any county, and of any municipality shall maintain records of all incidents reported to the agency, investigations and arrests made by such law enforcement agency. All incident reports and arrest reports shall be open records. Notwithstanding any other provision of law other than the provisions of subsections (d) through (f) of this section or RSMo 320.083, investigative reports of all law enforcement agencies are closed records until the investigation becomes inactive. If any person is arrested and not charged with an offense against the law within 30 days of the person's arrest, the arrest report shall thereafter be a closed record except that the disposition portion of the record may be accessed and except as provided in section 2-547.
- (c) Except as provided in subsections (d) through (g) of this section, if any portion of a record or document of a law enforcement officer or agency, other than an arrest report, which would otherwise be open, contains information that is reasonably likely to pose a clear and present danger to the safety of any victim, witness, undercover officer, or other person, or jeopardize a criminal investigation, including records which would disclose the identity of a source wishing to remain confidential or a suspect not in custody, or which would disclose techniques, procedures or guidelines for law enforcement investigations or prosecutions, that portion of the record shall be closed and shall be redacted from any record made available pursuant to this chapter.
- (d) Any person, including a family member of such person within the first degree of consanguinity if such person is deceased or incompetent, attorney for a person, or insurer of a person involved in any incident or whose property is involved in an incident, may obtain any records closed pursuant to this section or section 2-553 for purposes of investigation of any civil claim or defense, as provided by this subsection. Any individual, his family member within the first degree of consanguinity if such individual is deceased or incompetent, his attorney or insurer, involved in an incident or whose property is involved in an incident, upon written request, may obtain a complete unaltered and unedited incident report concerning the incident, and may obtain access to other records closed by a law enforcement agency pursuant to this section. Within 30 days of such request, the agency shall provide the requested material or file a motion pursuant to this subsection with the circuit court having jurisdiction over the law enforcement agency stating that the safety of the victim, witness or other individual cannot be reasonably ensured, or that a criminal investigation is likely to be jeopardized. If, based on such motion, the court finds for the law enforcement agency, the court shall either order the record closed or order such portion of the record that should be closed to be redacted from any record made available pursuant to this subsection.
- (e) Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of the information contained in an investigative report be released to the person bringing the action. In making the determination as to whether information contained in an investigative report shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any person identified in the investigative report in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity. The

investigative report in question may be examined by the court in camera. The court may find that the party seeking disclosure of the investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

- (f) Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has knowingly violated this section, the officer or agency shall be subject to a civil penalty in an amount up to \$1,000.00. If the court finds that there is a knowing violation of this section, the court may order payment by such officer or agency of all costs and attorneys' fees, as provided by section 2-535. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has purposely violated this section, the officer or agency shall be subject to a civil penalty in an amount up to \$5,000.00 and the court shall order payment by such officer or agency of all costs and attorney fees, as provided in section 2-535. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the law enforcement officer or agency has violated this section previously.
- (g) The victim of an offense as provided in RSMo ch. 566 may request that his identity be kept confidential until a charge relating to such incident is filed.

If the accused is found not guilty due to mental disease or defect pursuant to RSMo 552.030 official records pertaining to the case shall thereafter be closed records upon such findings, except that the disposition may be accessed only by law enforcement agencies, child-care agencies, facilities as defined in RSMo 198.006 and in-home services provider agencies as defined in RSMo 660.250 in the manner established by section 2-547.
- (b) If the person arrested is charged with an offense found in RSMo 568.045, 568.050, 568.060, 568.065, 568.080, 568.090, or 568.175 and an imposition of sentence is suspended in the court in which the action is prosecuted, the official records pertaining to the case shall be made available to the victim for the purpose of using the

records in his own judicial proceeding, or if the victim is a minor to the victim's parents or guardian, upon request.

If the prosecuting authority opposes the motion, an informal hearing shall be held in which technical rules of evidence shall not apply. Having regard to the nature and circumstances of the offense and the history and character of the defendant and upon a finding that the ends of justice are so served, the court may order official records pertaining to the case to be closed, except as provided in section 2-547.
