As communities address coronavirus, Raytown's Board approves suspension of late fees for May 2020 sewer bills

April 23, 2020

As part of an effort to provide sewer customers with relief from the challenges COVID-19 presents to daily life, the Raytown Board of Aldermen voted to approve a one-month suspension of the late fees for late payment of the May 2020 sewer bill. Additionally, through the month of May 2020, Raytown will suspend disconnects of water for delinquent sewer customers.

Sewer bills due on May 10th, 2020 will not be charged a fee for late payment. Late fees for this sewer bill will be removed from the next sewer billing cycle, mailed out on May 15th, 2020. Any prior late fees remain due and are not subject to this one-month suspension.

If sewer customers need information about payment options, we encourage them to contact our Sewer customer service department. Online payment options are available as well.

Contact Raytown Sewer Billing Monday – Friday, 8:00 a.m. – 5:00 p.m.
