

MISSOURI ORGANIC

 – Recycling yard waste, like leaves and grass clippings, keeps valuable resources out of the landfill and puts them back to work creating healthy soil. We use the yard waste we collect to make Nature Wise Compost, which is then used by home gardeners, farmers, landscapers, cities, and companies. Compost is a natural plant food and soil component that absorbs excess rainwater, supports healthy plant roots, traps pollutants, and makes healthy soil.

WHAT WE TAKE:

- Yard waste
- Brush
- Tree trimmings
- Grass clippings
- Leaves

WHAT WE DON'T TAKE:

- Stumps
- Landscape timbers
- Building materials
- Yard waste in plastic bags
