

## City of Raytown

### Service Line Protection Available for City of Raytown Homeowners

FOR IMMEDIATE RELEASE:

**Raytown, MO** - July 12, 2019 - Raytown citizens may see communication in the coming days from Service Line Warranties of America (SLWA). The City of Raytown has partnered with SLWA to offer protection to city homeowners for the water and sewer service lines that connect their homes to the city's systems. The coverage is **voluntary** and available at **affordable** monthly prices. Founded in 2003, SLWA has partnered with over 500 leading cities and municipalities in the US to provide repair service plans that offer homeowners peace of mind and convenience. There are no service fees or deductibles.

Many factors contribute to the life expectancy of a service line including the age, type of piping material, soil conditions and installation quality - all factors which are covered through the SLWA protection program. Repairs to these pipes are not covered by basic homeowners' insurance or by the City of Raytown. Again, this program is **voluntary** for homeowners, provided at no cost to the City of Raytown.

"Our service plans not only cover the cost of the repair; they also provide homeowners with reputable, local contractors who will do the best possible job," said John Kitzie, CEO of SLWA parent HomeServe USA. "We're thrilled to be partnering with the City of Raytown and look forward to the opportunity to provide City of Raytown homeowners with the assistance they need when faced with a home repair emergency."

SLWA has been recognized as the nation's largest and most trusted source of utility line plans endorsed by the National League of Cities. The company is committed to delivering an excellent customer service experience and maintaining an A+ accredited rating with the Better Business Bureau. For questions about this service, or to enroll, please contact SLWA at 866-922-9006 or visit [www.slwofa.com](http://www.slwofa.com).
